**Subject:** Re: FW: OPP speaker at June 23 Chemical Watch virtual conference?

Dear Jonah

Many thanks for letting me know and of course I completely understand the situation with regards to the second topic.

Thanks again for your kind help with this.

Best regards

Judy

Judy,

I'm confirming that Jeff Dawson will be speaking on June 23 at a high level about PFAS, and PFAS in containers.

It's our understanding that you requested a second speaker about the proposed TSCA 8(a) PFAS reporting rule which is currently under development. Because that proposed rule is still under development, we can't discuss its contents, and will need to decline the invitation to speak about it. However, if the proposed rule is issued

before the conference, the Office of Pollution Prevention and Toxics (OPPT) would be willing to follow up on this request.

Please let me know if you have any questions about this.

Thank you,

Jonah

**Subject:** Re: Invitation for an EPA speaker at a Chemical Watch virtual conference

Hi Catie,

Following my email of yesterday, there has been a complete change of plan and I am so sorry!

Rather than the keynote address, we would now like an EPA speaker to cover another topic and I have been in touch directly with the OPP team.

Apologies once again and thank you so much for your continued support of our events.

Kind regards

Judy
